TEAM MANAGER EARNINGS POTENTIAL

Team Manager Earnings

	Combined hours/week	Clients rate	Cleaners rate	Your margin/hour	Revenue/week	Gross profit/week	Est. gross profit/year
Team Manager	80	£24	£13	£11	£1,920	£880	£42,240
Team Manager	120	£24	£13	£11	£2,880	£1,320	£63,360

Team Manager illustration shows potential income based on subcontract cleaners paid an hourly rate. The client charge rate of £24 reflects a mid-range cleaning price typically found across the UK for cleaning services, but with BEBO Cleaning business you can set your own rates. Some franchisees also use fixed-price jobs instead of hourly charging, which can significantly increase profits.

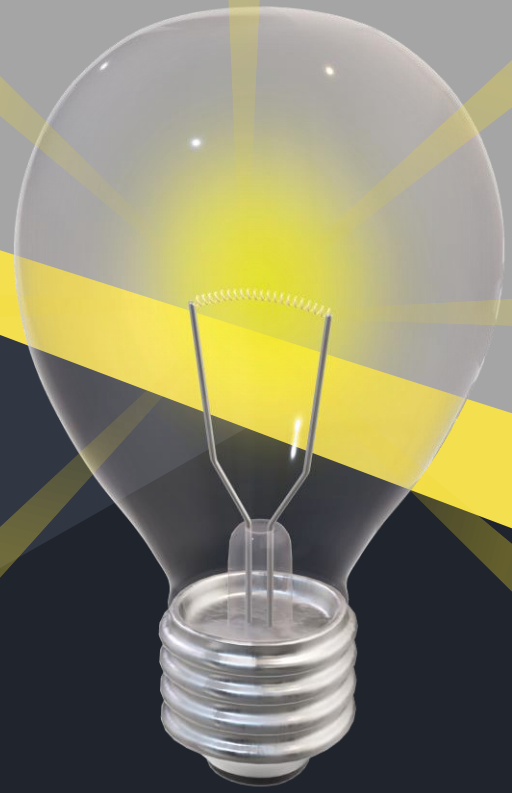

HANDS-0N EARNINGS POTENTIAL

Hands-On Earnings Potential

Scenario	Hours/week	Rate to client	Your margin/hour	Revenue/week	Gross profit/week	Est. gross profit/year
Hands-On part-time	20	£20	£20	£400	£400	£19,200
Hands-On full-time	35	£20	£20	£700	£700	£33,600

Some franchisees can increase this income £ as shown in the example illustration by not charging clients hourly rates but on a FIXED PRICE instead for a set routine. BEBO franchisees set their own charges and the national average for professional cleaning services by larger contractors can be significantly higher than this example.
